Responsible Use of Electronic Media for Students

Gwinnett County Public Schools (GCPS) recognizes that the use of technology is prevalent in society. Students and staff have access to the Internet, cell phones, games, and a variety of personal technology devices. Students and staff utilize social media websites and applications as well as a variety of other digital resources that allow them to interact, share, create and innovate. Staff members utilize these same resources as a means to effectively engage students, motivate student learning, and collaborate with colleagues.

When using GCPS technology or network access, students are expected to follow the Student Conduct Behavior Code, including respecting others' privacy. Online student accounts to be used for legitimate educational purposes will be subject to monitoring and review, including review of text and attachments that are related to that student or students. At NO TIME should a student consider GCPS e-mail, networked applications, or account or technology access private or confidential in any way.

While the school district does maintain Internet filters, there may be times when a student may accidentally or purposefully discover inappropriate materials online. Gwinnett County Public Schools DOES NOT CONDONE the use of such materials. Inappropriate use of GCPS technology or network access is a violation of the Student Conduct Behavior Code.

Access is a privilege, not a right, and all students are expected to treat this learning tool with respect. GCPS technology, network access, and electronic resources must not be used to:

- Harm other people.
- Interfere with other people's work.
- Steal property.
- Gain unauthorized access to other people's files or programs.
- Gain unauthorized access to online resources, including using someone else's password.
- Make changes to the hardware or software configuration of any machine, including installing or deleting any software.
- Improperly use the network, including introducing software viruses and/or bypassing local school or office security policies.
- Steal or damage data and/or computers and network equipment.
- Access, upload, download, and/or distribute pornographic, hate-oriented, profane, obscene, or sexually explicit material.

Failure to follow these guidelines can violate the Official Code of Georgia, O.C.G.A., Codes 16-9-90, 16-9-91, 16-9-93, and 16-9-93.1 as well as Title XVII of United States Public Law 106-554, known as the Children's Internet Protection Act. Such use can also lead to disciplinary actions, up to and including loss of access to GCPS technology resources and further disciplinary actions as defined by existing GCPS policies. Such disciplinary actions may include confiscation of technology being used inappropriately if an incident occurs.

Bring Your Own Device (BYOD)

Gwinnett County Public Schools is a "Bring Your Own Device" (BYOD) district. This program is designed to support teaching and learning through safe, efficient, and monitored wireless access. If your child's school or class is participating in BYOD, then students are allowed to bring mobile devices with the expectation they will be used as a supplemental instructional resource. The BYOD access may be limited to certain schools, areas, and zones, based on the school's identification of instructional need.

To participate in the use of BYOD resources, all users must agree to use the school network when available, and not personal 3G, 4G, or other cellular service providers, on their devices. Using the school network ensures a filtered, appropriate solution that is optimized for BYOD use. GCPS is not responsible for any damages, fees, lost functionality, support, or costs that may be the result of students or staff members participating in BYOD. This is a voluntary program, and students will not be penalized if they cannot participate. Whether the device is owned by a parent, student, staff member, or school, the user of the device is responsible for protecting the device at school, on the bus, or at school functions.
